### 3. Installation of the Next Generation BenQ Education Interactive Flat Panel in every classroom:

21<sup>st</sup>-century education is technology driven. Some Ultra rich and progressive schools are using technology to teach in their classrooms.

This year we are installing BenQ, 75-inch Interactive Flat Panels with AR/VR LAB in every classroom of our school. Our teachers will prepare the students with the aid of Interactive Smart Flat Panels. The Interactive Smart Flat Panels have numerous valuable features, such as teachers will be able to teach passionately, and students will learn actively and interact safely. And lessons are taught by providing various experiential and project-based learning activities. Hence we will be able to empower our students to become future-ready and help them prepare for the world's future citizenship.

**Please note:** The panels are very costly. Hence, they should be handled with utmost care. Anyone who damages/destroys the panels must bear the total expense incurred. CCTVs are installed in every classroom. Hence, it is expected that no one should mishandle or damage the panels.

- 4. Almanac:** School Almanac will be issued to every bona fide student by Tuesday, June 13, 2023. You are requested to furnish your child's details in the statement card and submit the same to the respective class teachers on or before 19/06/2023, Monday.
- 5. Textbooks:** Textbooks for all classes will be available on our school campus until June 14, 2023, until 5:00 p.m. Some textbooks for few classes are due to be given to the students who have already paid the money. The same will be given in the respective classes by 13<sup>th</sup> June 2023, Tuesday.
- 6. Mobiles:** Students are strictly advised to refrain from bringing mobiles to school. Whoever fails to comply with this rule may be dealt seriously. Repeated offenders may be asked to leave the school.
- 7. Driving License:** No student will be allowed to come to school by two-wheelers (scooter/motorcycle) without a valid license obtained from the RTO. Some students who have no valid driving license, park their vehicles at the premises of the nearby societies. If the society raises any objection in this matter and complains to the school, we may take strict action against the offenders.

- 8. Private Coaching:** The school management has made adequate arrangements to conduct deep learning/remedial classes for the students of Std. VI and above free of charge. This privilege can be availed by those who are interested in additional help in their studies. Hence, there is no need for any other private coaching. Our committed and highly qualified teachers are ever willing to help our students free of charge at our school premises. Therefore, parents are advised to strictly refrain from soliciting private coaching from any other external source.
- 9. School Tuition Fees:** Every bona fide student of our school must pay the tuition fees as of first quarter and obtain the class permit without fail. The same should be submitted to the respective class teachers on or before June 19 2023. The child's name will not be entered in the Attendance Register without class permit submission. Since our school is a self-financed and non-profit making Minority institution, it is essential that every student pay the school tuition fees every quarter promptly in time.
