Dear Parents,

Greetings to you on behalf of the school administration

I understand that we all are disturbed by the news clips in various newspapers. I want to assure you and promise you that everything will be alright. We have answered all the queries and doubts presented by the various communications that came from the DEO's office. Our team of advocates will be arriving shortly and we will be looking into all the matters. Your children will not be disturbed in any way. They will continue to receive the best education and care. This, I can strongly assert. The school has been functioning for more than 40 years. How can school run for so many years without proper documentation? **The commissions from the DEO's Office have not understood our functioning and organizational structure, hence we are facing false accusations.** Let me tell you that our school is just one of the institutions of the many schools, colleges, hospitals, universities and many other institutions that come under the umbrella of the vast Seventh - Day Adventist Organisation. The organization believes in giving quality education and services to the citizens of this nation. Your children are in safe, well - qualified and well - trained hands. We are already looking in resolving all the allegations and doubts. We will be happy to receive your cooperation and support especially after all the turmoil and problems that the school has been through a problem where there was no fault of the school. Once again , let me assure you that everything will fall in place very soon as we have got our best people handling the matter.

Sincere regards to all of you.

Mr. Robinson Undrasi
